

## ***BUSINESS DIRECTORY FOR 2010 CHALLENGE SERIES***

The Challenge Series provides the same function as running clubs through the nation. It is one of the largest running clubs, if not the largest active group, in the State of Ohio. Many of you have asked about being a sponsor of the Subway Challenge Series. We welcome all potential sponsors & sponsorship packages begin at \$1000.00. If you are interested in such a package, please contact [t.w.lewis@worldnet.att.net](mailto:t.w.lewis@worldnet.att.net). For those of you who are small businesses, as we have been over the past 35 years, we are creating a directory of businesses & businesses services to be posted online that is **FREE** of charge to all participants who have entered the 2010 Subway Challenge Series. Please furnish all or part if the following information to my e-mail if you are interested. The concept is based on supporting other small businesses in our running community. We will update the information each week!

Thanks,  
Terry Lewis  
RS Racing Systems
